

Vibrigel

Ultrasound IPL Gel

Vibrigel has been made in New Zealand for over 25 years and is favoured by patients and clinicians alike. Vibrigel's non-toxic, dye free formula makes its soft and soothing on the skin, while providing protection and a cooling sensation during IPL treatments.

Vibrigel is free of metallic and non-metallic ions, providing high conductivity, accuracy and protection of expensive IPL equipment.

Vibrigel maintains a consistent viscosity across a varied range of temperatures meaning it won't run or drip, for easy clean up and patient comfort.

Vibrigel Is:

- Hypoallergenic
- Colourless
- Odorless
- Non marking

Vibrigel Does Not Contain:

- Spermicide
- Formaldehyde
- Dyes or colouring
- Metallic or non-metallic ions
- Toxins
